Professional Summary

MCA graduate with a strong foundation in Python, SQL, HTML, CSS, JavaScript, Software Testing, and Data Analytics. Skilled in Manual Testing, STLC, SDLC, Selenium WebDriver, JIRA, Postman, MySQL, Git, and Power BI. Experienced in developing web applications and applying software testing principles through academic projects. Passionate about building reliable software solutions and eager to contribute as a Software Tester, Python Developer, Data Analyst, or System Support Engineer.

Education

Master of Computer Applications (MCA) **2024–2026**
Noida Institute of Engineering and Technology, Greater Noida
Result Awaited

Bachelor of Computer Applications (BCA) **2021–2024**
Sam Higginbottom University of Agriculture, Technology and Sciences
CGPA: 6.87

Certifications

- **Data Analysis with Python** – IBM Developer Skills Network **2026**
- **Introduction to Python** – Infosys Springboard **2025**
- **Linux for Beginners** – Infosys Springboard **2024**

Projects

Online Food Ordering Web Application HTML, CSS, JavaScript, Node.js, MySQL

- Developed a responsive web application that enables users to browse food menus, place orders, and manage their accounts.
- Designed an intuitive user interface using HTML, CSS, and JavaScript to improve user experience across devices.
- Integrated a MySQL database using CRUD operations to manage users, menu items, and order details.
- Collaborated in a four-member team and contributed primarily to front-end development and user interface implementation.

Bug Tracking System Python, Django, MongoDB

- Developed a web-based bug tracking application for reporting, assigning, and tracking software defects.
- Implemented secure user authentication and role-based access for efficient bug management.
- Designed modules for bug status updates, priority management, and issue reporting.
- Utilized Django framework and MongoDB to build a scalable and organized bug management system.

Technical Skills

Languages	Python, C, C++, SQL HTML, CSS, JavaScript, Bootstrap
Software Testing	Manual Testing, STLC, SDLC, Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, Integration Testing, System Testing, User Acceptance Testing (UAT), Test Case Design, Defect Reporting
Testing Tools	Selenium WebDriver, JIRA, Postman
Database	MySQL, MongoDB
Data Analytics	Python, Pandas, NumPy, Matplotlib, Power BI, Microsoft Excel
Developer Tools	Git, GitHub, VS Code, Linux
